

GBOOSH Fee Structure, 5 August 2019

GBOOSH FEE Changes: The Management Committee took several factors into account when making a decision on this increase, it is unfortunate that we have had to increase our fees more than we desire but to stay a viable Centre this increase is a necessity.

Contributing factors which have forced this increase include;

- Reviewing figures from the previous 12 months (which includes a loss in 2018 FY)
- Larger than expected licensing fee increase from the Department of Education
- Increase to the minimum wage award that took effect July 1, 2019 (3% increase)
- As well as numerous other operating costs to the business
