

WHAT'S ON This

VACATION CARE AT GBOOSH

Sept/Oct 2026 - We are Under Construction

Monday 28.9.26 - Incursion Bricks 4 Kidz \$24.00

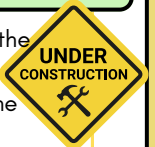

This big box arrives at GBOOSH
We are excited for what could be inside
To our surprise the big box opens
and is flipped on its side
Pouring out we see so many colours
Different Lego shapes and sizes appear
We start to click them together, building with our
peers
Mechanical parts are added to our masterpieces
We stand so proud and admire what we all have
created
That big box appears open on the floor
We know it is time to pack away
Not before a picture is taken of all our
masterpieces

Tuesday 29.9.26 - Incursion Tiny Tradies RC Construction \$24.00

We love to watch the builders, planning for the
day
We love to watch the trucks transporting the
rubbish away
We love to watch them pulling down towers and
building them again
We love to watch them digging, lifting and moving
all around
We love to watch them drilling and trucks coming
when needed
We love to watch the graders, tractors and cranes
moving freely
We see the workers with yellow hard hats and
fluoro vest on
We will be builders today working in our GBOOSH
construction zone

Thursday 1.10.26 - Incursion All Day Next Gen Stem Activities \$24.00

Listen up the educators say
You will be engineers for the day
As engineers no task is too big
We will design, solve, build and create with cheer
Our work commences, we are a team
We take a look and find changes are needed
We add, remove and check our constructions is
stable
Our life is all about invention
One day I hope to be engineer, that's my
intention

WEDNESDAY 30.9.26 - INCURSION MAD SCIENCE SHOW \$26.00

Everything works because of science
Even mum's kitchen appliances
What about your car
That works because of science
Without science we would not have
Computers, phones and nature
Bubbles, toys and tasty treats
We thank science for these creations
We hope to see you today
For a marvellous event
It's the Mad About Science Show
coming to the Centre.

Friday 2.10.26 - At Centre Day Fury Friends and Floor is Lava Friday

They come into our lives, a bundle full of joy so full of life and energy,
My fury friend is my buddy and my best friend
They keep me warm when I am cold, they make me very happy
They love a cuddle on my bed and a big part of our family
As we lie on my bed and consider what to do next
I hear someone yell "THE FLOOR is LAVA" and we go into action
I look at the floor again and see lots of pillows scattered on the floor
That's my plan for the challenge, me and my fury friend to get out my bedroom door
As we jump from pillow to pillow slowly out of my room
We hear a whistle and the floor is not lava anymore.

WHAT'S ON This

VACATION CARE AT GBOOSH

Sept/Oct 2026 - We are Under Construction

Tuesday 6.10.26 - Incursion Beyond the Beanstalk Tie Dyeing \$26.00

We tie up our material creating our design
So many colours to choose from, ideas flash
into our mind

We pick the colours, start to create and watch
what appears in front of our eyes

As the colours blend with each other, new
colours will shine

Our tied-up material is rinsed with water and
as we untie the knots

A quick wash in the washing machine helps to
clean the spots

Once they dry we will be wearing a creation
bandana and socks

Wednesday 7.10.26 - Incursion Graffiti & Street Art Explosion \$24.00

Graffiti is art displaying letters and names in public places
Street art is visual art featuring pictures, characters and
messages

Most cities have a laneway where approved artists work is for
all to see. Have you been to Hosier Lane in Melbourne

Or seen famous street art in Paris, London or Belgium

Today we will learn all about graffiti and street art at its best
From here you will create street art adding your own personnel
style and tag

Your art will be on a poster to display at home for the family to
see. But remember our creative style is for posters and paper,
not within our community.

Thursday 8.10.26 - Excursion Hoyts Cinema Cronulla \$43.00

Shaun the Sheep
The Beast of Mossy Bottom

At Mossy Bottom Farm,
the residents cannot wait
It is nearly Halloween time, fun time to celebrate
Our pumpkin patch looks splendid
Excitement is all around
O No the clumsy Farmer
Has trashed our beloved pumpkin patch.

Friday 9.10.26

Centre Closed for Maintenance

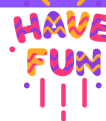

Monday 12.10.26 - Incursion Professor Bubbles \$20.00

There is something very magical about what coloured bubbles of
soap create. I often wonder how they get that big as they float up to
space. Music & some comedies are added before the bubble pops.
The Bubble show has been amazing, but the exciting part is about to
start. We are given our own wands and excitement is in the air.
Who can make the biggest bubble, the challenge is on today.

Important
